Allowed Claims: 1-49.

### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103. The best cited reference, Sandstrom (U.S. 6,373,619 B1), fails to meet the limitations of that of the claimed invention.

Specifically, with respect to independent claim 8, Sandstrom (reference) discloses an apparatus for creating a pattern on a workpiece similar to that of the claimed invention, however the reference is differentiated as a different combination from that of the present invention with the additional electronic data processing and delivery system limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **CONCLUSION**

Therefore, due to the reasons cited above, Sandstrom (reference) teaches away from that of the claimed invention.
